FRIDAY, SEPTEMBER 28, 1917

Circuit court convenes
here October 8th. Coming?

If your garbage can is full
your dinner pail must, of a
certainty, be empty.

A few new subscribers ad-
ded this week. Well, the
people want the news, you
see.

Chronic knockers have no
place here. If you are in
this class please vacate.

Truck Growers and those
interested in this enterprise
please read announcement
regarding the meeting to be
held here next Wednesday
at 2 o'clock, and be on hand.

CUT IT OUT, QUICK.

Knockers are a nuisance.
During the last two weeks
we have seen the baneful ef-
fects of this animal's work.
Several good families from
other sections have been
prevented from locating here
on the strength of statements
emanating from knockers
and meddlers. The Pro-
gressive League has taken
action in the matter and we
heartily agree with them
that this element should be
stopped at once. If you
haven't a good word for your
home to offer the prospective
stranger within our gates,
keep your mouth shut.

We do not single out any-
one, as our argument goes
to everyone alike.

What to do when Backache comes on

"I found immediate relief in the use
of Foley Kidney Pills. I have recom-
mended them, and do not know of a
single instance when they failed to
give relief."
C. U. Landrum, a traveling salesman,
writes from San Angelo, Texas: "Driv-
ing over rough roads and in all kinds
of weather gave me acute pains in the
back and I suffered greatly. I found
relief in the use of Foley Kidney Pills,
and before the first bottle was used,
the pain in my back had entirely dis-
appeared and I have had no recurrence
of those pains which frequently amounted
to almost neuralgic proportions."
When backache comes on, and it
seems as if you can't stand the pain
and pressure in your back, you will find
quick and grateful relief comes with
the use of Foley Kidney Pills. They
stop the cause of the pain, ease the
stiff aching joints and muscles, and
clear the poisons out of your system
by helping your kidneys and bladder to
perform healthy action.

Give Courteous Attention When Telephoning

Concentration and courteous
attention given to a telephone con-
versation is a mark of respect that
will be appreciated.

Frequent interruptions and re-
quests to repeat mar the pleasure of
the talk. Concentrate on what is be-
ing said and talk with a smile.
Courtesy is like oil to machinery—
the lack of it will cause friction and
friction in telephone talking is a thing
to be avoided.

Advertise Consistently

No one advertisement—nor one letter—nor one cir-
cular constitutes an advertising campaign. The
firms that prosper most by publicity are those that
use it consistently. Advertisers who are here to-
day and gone tomorrow had better never have ad-
vertised at all. A single insertion in a single issue
may bring good results—especially when timeli-
ness and buying conditions combine. But the
safest and most sensible way to advertise is to plan
a campaign for a given period—a season—or a
year—and to give this part of your business—
this promotion work—as much attention as you
give to your star salesman. Advertising is
broad in its benefits and sound in its principles
if conducted along logical lines and involving an
investment that bears a proper relation to your
receipts and profits. Your first advertisement
might bring you but one new customer—but he
may develop into one of the largest users of
your merchandise within a few months.
